Here's how

PremierCare Plus makes a difference:

You receive all of the following extra services

when you choose PremierCare Plus:

Prescription Drug Coverage:

Depending on your income level, you will only have to pay between \$0-\$2.15 for generic drugs, and between \$0-\$5.35 for all other drugs. We offer you an expansive network of pharmacies, and mail order service.

Emergency Disaster Preparedness Kit:

All PremierCare Plus members receive a free American Red Cross 72-hour Emergency Disaster Preparedness Kit. This kit contains food, water, and supplies to help you in an emergency.

Non-Emergency Transportation Coverage:

You will also receive 15 round trip transports (up to \$1000 maximum total cost) for non-emergency medical appointments. We contract with Metro West Transportation to provide you the quality and reliable transportation you deserve.

Lifeline Personal Response Service:

Lifeline is an easy-to-use service that insures you can get immediate help if you need it. You simply wear a pendant or wristband. When you need help, you just press the "help" button you are wearing. This immediately contacts a certified Lifeline monitor who will respond and get you the appropriate help. Lifeline helps you maintain your independence and gives you peace of mind knowing help is always immediately available, if you need it. This service is provided at no extra charge to all PremierCare Plus members.

Medical Supplies Allowance:

Keeping you safe in your home is important to us! All PremierCare Plus members receive up to \$1000 in Safety Items for your home. These items include wheelchair ramps, tub/shower seat, non-skid mats for your bathroom, handrails for halls and stairways, stability bars, and much more. Reducing the number of accidents in the home is one way we help keep our members healthy.

24-Hour Nurse Advice Line:

24 hours a day, 365 days per year, our registered nurses are just a phone call away. We're here to make sure you have the health care information you need, whenever you need it!

This plan is available to anyone who has both medical assistance from the state and Medicare.
