Section 1 - Introduction

Section 1 – Introduction

This directory provides a list of **FamilyCare Health Plans** plan providers and pharmacies. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

A PCP is a provider who meets state requirements and is trained to give you basic medical care. You will get routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you see any other health care provider.

The “plan providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however, some services may require a referral.

If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers. **Generally speaking, you will need a referral from your PCP to receive covered care from a non-plan provider. However, you do not need a referral to see a non-plan provider for covered emergency care.**

What is the service area for FamilyCare Health Plans?

The service area for these plans is Clackamas, Clatsop, Morrow, Multnomah, Umatilla and Washington counties, Oregon.

How do you find FamilyCare Health Plans providers in your area?

To make it as easy as possible for you to find the care you need, this directory lists providers by the type of health care service they provide.

Section I is the introduction. (You’re reading it now.)

Section II lists physicians and other health care providers. They are listed by the type of service:

1. Primary Care Providers (PCPs). To find a PCP, look for:
 - City, then
 - Name of the medical office, and then
 - Names of the providers who practice at that office.
2. Specialists. To find a specialist, look for:
 - Type of specialty, such as cardiology (heart disease) or pain management, then
 - Name of the medical office, and then
 - Names of the providers who practice at that office.

3. Ancillary health care services, which are listed by the type of service they provide: Home health, hospice or laboratory.
4. Durable medical equipment (DME) suppliers. DMEs are listed alphabetically by name.
5. Facilities, which are listed by city. These include hospitals, urgent care centers, outpatient surgical facilities, and medical imaging facilities.

To find a physician or another individual provider by name, use the alphabetical index at the end of this section.

Section III lists pharmacies where you can fill your prescriptions. They are listed by type of pharmacy:

1. Chain pharmacies, including grocery store pharmacies
2. Mail-delivery pharmacy
3. Retail pharmacies. Retail pharmacies are listed by:
 - County, and then by
 - Name of the pharmacy
4. Long-term care pharmacies
5. Home infusion pharmacies
6. Indian Health Service/tribal/union pharmacies

If you have questions about **FamilyCare Health Plans**, please call our Customer Service Department at 503-345-5702 or **toll-free at 866-798-CARE (2273) seven days a week, 8 am–8 pm. TTY users should call toll-free 800-735-2900.** Or, visit our website, **familycarehealthplans.org.**
